SOCIETY & CULTURE TRAIL

Did you know that if it weren't for a wealthy businessman and his complicated love life Dubbo might not have gotten its first hospital? Did you know that the local hotels were the community centres of the young town or that Dubbo once had so many cinemas that the entire population could go to the movies at the same time? Did you know that the flood in 1955 left 4,000 people homeless and that emergency supplies had to be parachuted in by the air force?

Learn how a village overcame its many obstacles to become a city as you retrace important moments of Dubbo's past. This trail is about 1km in length and should take 30 minutes to complete. This trail finishes at the Old Fire Station on Darling Street.
