

Six- month progress report on City Promotions Action Plan Strategy November 2011

As part of the five year City Image Marketing Strategy, a six monthly progress report is required to be submitted to Council. This progress report follows a six month progress report to Council in May 2011.

As reported previously to Council a six month City Promotions Action Plan was developed with the view to completing the six months' actions to link in to timing of the release of the City's new Economic Development Plan - '10 Steps to Economic Success'.

This six month report summarises activities undertaken under the six month bridging plan June – November 2011.

The six month City Promotions Action Plan identified:

5 outcome areas • 9 KPIs • 29 key objectives • 48 action strategies

Of the 48 action strategies, 4 are incomplete. Completion date for the 4 action strategies remaining is March 2012.

Also attached is a summary of activities in regards to online marketing.

Dubbo City online marketing

1) Social Media Strategy

A social media strategy and policy has been created for Dubbo City Council businesses. The document will help to empower staff to utilise social media space for the purposes of promoting Dubbo and providing information. This strategy will align to the Corporate Communications Social Media Strategy Policy and strategy (also in development). These documents will provide a much needed framework to guide and direct staff's use of social media. A new VisitDubbo has been created which will focus on event and activity in the city, primarily focused on visitors, Dubbo expats and locals.

2) Social media buttons

Dubbo.com.au now carries a number of social media buttons to enable people to share digital and website content with friends and followers. The buttons include: Google Plus (only recently launched internationally in October), Facebook and Twitter.

3) TripAdvisor

Dubbo now features on the powerful international travel site, tripadvisor.com.au. Dubbo is on rotation with other cities and areas like the Whitsunday Coast Qld, Frankston Vic, Broome WA, Wellington NZ and Burleigh Heads Qld. The site is becoming a popular channel for visitors to find out information about destinations and it encourages users to submit travel blogs about experiences with accommodations, attractions and other tourism related businesses. Dubbo's presence on this website will help optimise the Dubbo.com.au website and increase visitation.

4) Dubbo.com.au website traffic

Overall Site traffic in the period was up slightly by 2% to 63,654. Page views were down by 27% to 182,203.

Website Visits			Page Views		
2010	2011	Change	2010	2011	Change
62,345	63,654	2% ↑	252,164	182,203	27% ↓

*Comparison Figures used 1 May – 20 October 2010 compared with May – 20 October 2011.

5) Site optimisation

Dubbo.com.au continues to rank highly in Dubbo related requests in search engines such as Google. In key word searches such as 'dubbo accommodation' and 'dubbo hotels' the website is competing against national and international travel sites such as Expedia and Wotif who are buying these search terms in order to gain visitor traffic. The website optimisation of Dubbo.com.au ensures that the pages rank highly in searches which ensures higher traffic flows.

City Promotions continues to look at ways to increase website visitation by adding relevant content and monitoring search engine trends and increasing site landing pages.
